

SOPHISTICATED CYBER COUNTERINTELLIGENCE THAT SURPASSES MERE CYBER SECURITY.

Depending on your company's immediate and long-term needs, we can identify and terminate threats to your most valuable assets and systems, posed by an ever-growing landscape

of cyber criminals and terrorists. Our singular focus is to safeguard your business with the conviction and dedication we once used to protect our nation.

INCIDENT RESPONSE

In the event of a security breach, SpearTip delivers proven protocols to empower your legal team and improve your defense. Our team is as comfortable talking with legal as we are “talking” with computers.

ZERO DAY / MALWARE ANALYSIS

Our staff's high-level training and expertise allows us to thwart sophisticated malware, designed to evade common anti-virus software and detection appliances.

DIGITAL FORENSICS / LEGAL EVIDENCE

SpearTip has extensive expert witness experience in State and Federal Courts, in the areas of breach and intellectual property litigation.

SHADOWSPEARSM PROTECTION SERVICE

Bring the knowledge, experience and commitment of SpearTip's elite cyber counterintelligence team into your organization. Just like your adversaries, we never rest, protecting your information and assets 24/7/365.

THREAT INTELLIGENCE

SpearTip delivers a suite of cyber counterintelligence tactics and tools to identify and swiftly mitigate threats to your valuable data and assets.

ENTERPRISE RISK MANAGEMENT

We can develop assessment strategies and tactics to ensure security measures are met in everything from your systems to your personnel.
